Rule 56(a) & (b) = 37 C.F.R. 1.56(a) & (b) PATENT AND TRADEMARK CASES - RULES OF PRACTICE DUTY OF DISCLOSURE

(a) ... Each Individual associated with the filing and prosecution of a patent application has a duty of cendor and good field in dealing with the [Patent end Trademerk] Office, which includes a duty to disclose to the Office all Information known to that individual to be material to petentability. (b) information is meterial to petentability when it is not cumulative and (1) it also establishes by itself, or in combination with other information, a prima fact case of unpatentability of a clear or (2) retities, or is inconsistent with, a position the applicant takes in; (f) Opposing an argument of unpatentability relied on by the Office, or (ii) Asserting en ergument of petentability.

PATENT LAWS 35 U.S.C.

§102. Conditions for patentability; novelty and lose of right to patent

A : son shall be antitled to a patent unless-

- (a) the Invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for patent or
- (b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on its sale in this country, more than one year prior to the date of the application for patent in the United States, or

(c) he has abandoned the invention, or

- (d) the invention was first patented or caused to be patented, or was the subject of an inventor's certificate, by the papplicant or his legal representatives or assigns in a foreign country prior to the date of the application for patent in this country on an application for patent or inventor's certificate filed more than twelve months' before the filing of the application in the United States, or
- (e) The invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has "fulfilled the requirements of paragraphs (1), (2), and (4) of section 371(c) of this title before the invention thereof by the applicant for patent, or
- (f) he did not himself invent the subject matter sought to be patented, or
- (g) Estors the epplicant's invention thereof the invention was made in this country by another who had not patendoned, suppressed, or conceeled it. In determining priority of invention there shall be considered not only the espective dates of conception and reduction to practice of the invention, but also the reasonable diligence of the especial state of the especial stat

§103. C ndition for patentability; non-obvious subject matter

- (a) A patent may not be obtained though the Invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the art are such that the subject matter as a whole would have been obvious at the time the Invantion was made to a person having ordinary skill in the art to which said subject matter pertaine. Patentability shall not be negatived by the manner in which the invention was made.
- (c) Subject matter developed by another parson, which qualified as prior art only under subsection (f) or (g) of section 102 of this tits, shall not preclude patentability under this section where the subject matter and the claimed invention were, at the time the invention was made, owned by the same person or subject to an obligation of assignment to the same person.
